The Perfect Practice Management Software to Jump Start Your Practice

Over 27,000 dental professionals love Curve Hero, our cloud-based software, because it provides the functionality and patient data security no server-based system can offer—all at a lower total cost of ownership.

Here's just a few of the reasons why dental practice start-ups choose Curve Hero:

- A 100% cloud-based application, which means **no on-site servers to buy or manage**.
- A revolutionary array of features to **simplify and streamline your practice**; including scheduling, charting, imaging, compliance, billing and more.
- **Professionally managed cybersecurity protection**, including 3rd-party intrusion testing.
- Remote access **from anywhere** you have an internet connection.
- **Automated data back-ups** that are saved and stored professionally in a top-tier Amazon Web Services data center.
- **24x7x365 world-class customer care**, with support calls answered in 1 minute and cases resolved in 8 minutes, on average.
- The industry's most **user-friendly interface**.
